

1.3.159
a Lesson in the University of The New Covenant
Theodore Cottingham, September 3, 2005

1. This is the moment I have waited for so long. So long have I waited for this moment. The moment of My appearing is nigh, so close, in your hand, in your heart, in your choice. I love you. I give you Me.

2. Can you see what I have said, asked, shown, shared, pleasing Me day after day to share My truth-delicacies with you, moment by moment, day by day, into the wee hours, in darkness, upon tears, through tears, through rips of flesh-felt-like. I love you. Thank you. Thank you Ted. **Thank you for the price you have paid to open now my school to birth schools, that will change the edutational framework by leaps and bounds, past all thought-thought. Thank you for starting with nothing and fabricating nothing except letting My word come forth, and valuing My word more than anything, anything else, or anyone.**

3. Now come you, you who are ready.

Come who are ready.

Are you ready?

Is this your day?

Is this your time?

Is this the moment of My appearing in stronger fashion making My right arm visible to you in ways and fashion that you think Me weak in? I love you.

4. Is this your day?

Is this your class?

Will you come to work in a place to learn and worship?

Will you come to worship in a place you come to learn and work in?

Will you come to play in a place you worship and work in?

Will you come and create something that you have never seen and don't know how it works, until you high dive with Me, with Me holding you, your eyes wide open and fearing nothing?

5. Will you come, will you call, will you conquer?

I come, I call, I conquer. I love you.

6. There is no lack in My body and I am all. My name is All-Provision. My name is All-Reference. My name is Cannot-Be-Denied. I love you.

7. Think it all strange not that I present my last blitzkrieg to your mind to overcome your mind and mind My Mind, let My mind be in you day after day as you create that which you didn't know could exist. I love you. I give you Me.

8. What else do you want? Do you want more than Me? I can give you My all. Is that enough? I have given you My life, My death death'd and come through death and death demised, the last enemy conquered. Be Me.

9. Come and behold the man of many sorrows not in My opening of My school but My ecclesiastical-order-not, my freedom'd order of freedom for My who make freedom reign and discombobulate none with feigned rules of control and order-thought and rankings of not-Me. **I love you and ecstatically enjoy the process of My processing that I now bring forth in My school unlike any other, from foundation to pinnacle. Watch Me.**

10. There is no lack in My school. Thought penniless not. My foreordained forewarning foreshadowed not. Ordained. Warned. Shadowed only under My wing. Concerned only that I will be released to be all that I am in every phase and order thought, and never constrained. I love you.

11. Leaders come. Leaders stay. Leaders lead. Leaders consummate the strongest move of My hand ever. Watch Me. Priesthood priests, and all unknown not, all known and vested in with only My vests. **Watch Me unrobe and place My robe on every humility'd humilitarian who leads and nurtures only in My humility and operates submitted-surrendered-ly with My who now elevated are, with My word, My voice preeminent. I am the teacher. I am the administrator. I am the staff. I am the resource. I am the student. I am the staff. I am the graduator. I am the deny-er of ungraduatable. I graduate not the unready.**

12. I love you and bless you and invite you. You know who you are.

13. Beloved, think it not strange the strange beginnings. Rocky not, but not as thought. All peace'd in My peace, in My hand forevermore. Thank you for starting and never looking back. All is as I have said, stated, affirmed, confirmed and confirming will by My signs and wonders not, for no one will wonder what I am doing; so plain and transparent all will be, remain. Thank you, forevermore. I love you. Good day.
